#### Miniature Line Voltage Cove Color Fixture.

MODA MINI COVE COLOR INTERIOR is an award winning, patented, miniature line voltage cove lighting system. Now available in mono static colors, these unique colors can enhance any environment. For projects which require a unique static color the only way to achieve this is by mixing red, green and blue colors with DMX512 controls, DMX512 enabled fixtures, DMX wiring and time to program the specific color required. All of this has a cost. This is now eliminated by choosing MODA MINI COVE Color. No longer do you have to worry about the red die degrading faster than green and blue dies, hence having a shift over time with the specific color the designer has chosen. Enjoy worry-free simple color specific fixtures. Easy 3 wire connections for on/off or ELV dimming control, or standard 5 wire for 0-10V installations. This drastically reduces installation time and cost. Choose from Red, Green, Blue, Amber, Yellow, Golden Yellow, Ice Blue, Cyan, Light Green, Pink, Violet, Dark Blue, Dark Orange, Dark Red or Turquoise. If a project requires a custom color we are able to create that color in our laboratory with our own ability to mix proprietary MODA Phosphor to create virtually any color required.

Unlike other fixtures which are much larger in physical size, MINI COVE utilizes the latest Advanced MODA Design and Electronic Engineering, ensuring fixtures are cool to the touch. This is achieved by designing a forward thinking fixture with intelligent driver technology and by under driving the most advanced LEDs in the world, creating a fixture which is so cool it can be held after days of illumination. The L70 (longevity) of the fixture is extended and phosphor degradation is kept to a minimum.

The Onboard American Dimming Chipset, programmed by our MODA Software Division with new Advanced Firmware ensures MINI COVE delivers smooth, no noise, flicker-free and synchronized dimming down to 0% with ELV or 0-10V Dimmers. Choose from either ELV or 0-10V direct dimming fixtures. Unlike other fixtures in the marketplace, there is no need to purchase additional adapters, converters, dimming boxes or control modules. Just use conventional wiring direct from the dimmer to create a powerful lighting system, saving time and money. Link any combination of 6in, 1ft, and 4ft fixtures and every fixture will dim together smoothly, synchronized from 100% to 0%. With no minimum run lengths, just one 6in fixture will dim seamlessly to 0%.

With MINI COVE, the installer is able to achieve long single runs of up to 240 feet decreasing the number of wiring circuits required in an installation. Another step forward in this category of small sized fixtures is the universal power input. We designed a small MODA Micro Driver specific for MINI COVE enabling it to accept 100-277V AC 50/60 Hz, thus decreasing the number of SKUs needed to be held by any of our worldwide distributors and giving the installer a choice of power inputs from one fixture.

A specialized curved polymer optical lens combined with a cleverly designed Light Chamber delivers a light bending, smooth 200 degree beam pattern perfect for cove installations with no color over angle, no striations, inter locking fields of light and no dark spots.

The fixture incorporates an integral, patented, toolless, self-locking bracket which slides into any position and turns 170 degrees. Built-in male & female connectors with thumb latch connections for fast installation time. Lightweight aluminum construction for durability and excellent thermal characteristics. Quality American made electronic components. Available in a tiny 6in size (15cm) for tight turning coves and to finish a small space on the end of a run. 1ft and 4ft lengths are for fast installation saving expensive labor installation costs and achieving long runs of quality illumination in rapid time.

Tested by Intertek to UL1598 for use in USA & Canada. CE Approved. WEE. RoHS Compliant. TM-30-15 Tested. US Patent No. D787,112 and D783,890.

Product Innovation Award (PIA) Winner 2016 for Best Luminaire. LFI Innovation Award 2017 Finalist for Dynamic Color, Theatrical, Cove, Strips and Tape. Lux Award Commended for Interior Product of the Year 2016. Darc Awards Finalist for Best Architectural Lighting Product - Interior Luminaires 2016. International Design Excellence Award for Innovative Product Design Finalist 2016.

Designed & Developed by MODA LIGHT in Las Vegas, USA.

## MODA BRIDGE 1

### Converting 0-10V to ELV.

MODA BRIDGE 1 solves many installation issues. It accepts a standard 0-10V signal from most dimmers and dimming systems and internally converts this signal into a Electronic Low Voltage (ELV) signal. Thus enabling 0-10V control of an ELV fixture. It is optimized to perform precise smooth flicker free dimming down to 0%. Simple wiring with its integral 1/2in holes which accepts liquid tight or interior conduit connectors. Wire to any 100-277V 50/60 Hz feed. Power up to 840W of fixtures at 120V, 1600W at 230V, and 1900W at 277V. Fully potted enables the installer to mount this product virtually anywhere with its Wet Location IP65 rating. Fully protected from surge, short circuit, open circuit and over temperature. Power Input and data interface protected with High Grade Surge Protection. Designed and developed by MODA LIGHT, Las Vegas USA

Made in the USA

## MODA MINI COVE MOUNTING TRACK

### MOUNTING MINI COVE

Allows users to install Moda Mini Cove fixtures in a continuous linear position. Moda Mini Cove Mounting Tracks come packaged in 5 pieces of 4ft sections to create a continuous run of 20ft.

Made in the USA.

### Options

Finish G - Gray

Length 4ft - 4ft Sections

Quantity 5 Pieces (20ft)

### Physical

Applications Cove, Accent

Construction ABS Plastic

## MODA MINI COVE TRACK CONNECTOR

Joins two pieces of track together.

### Accepts screw sizes

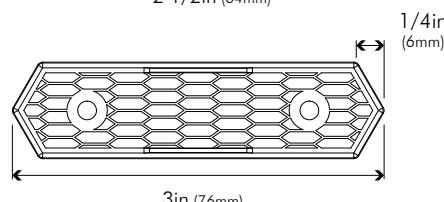

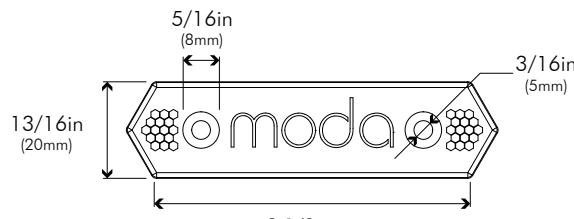

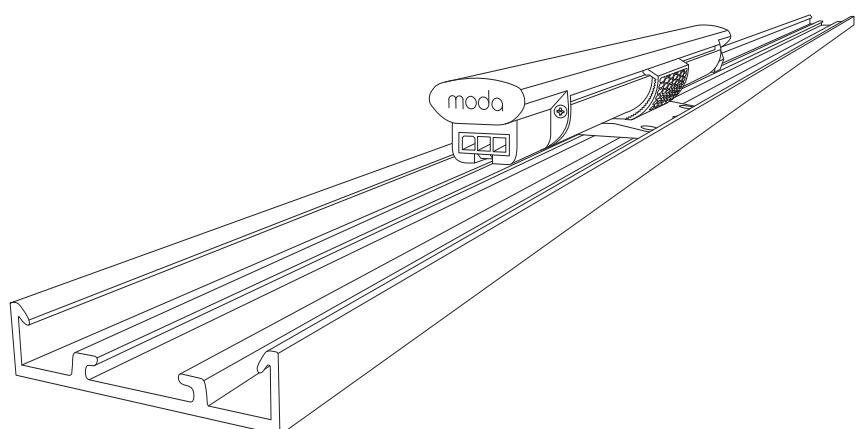

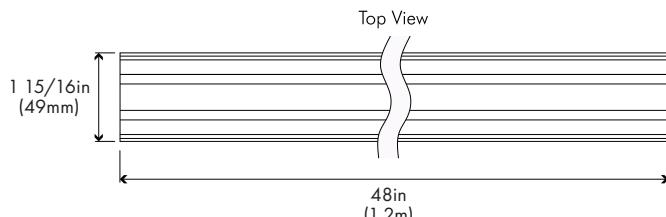

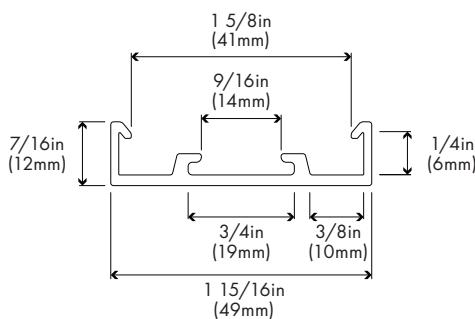

Drywall	#6	#8
---------	----	----

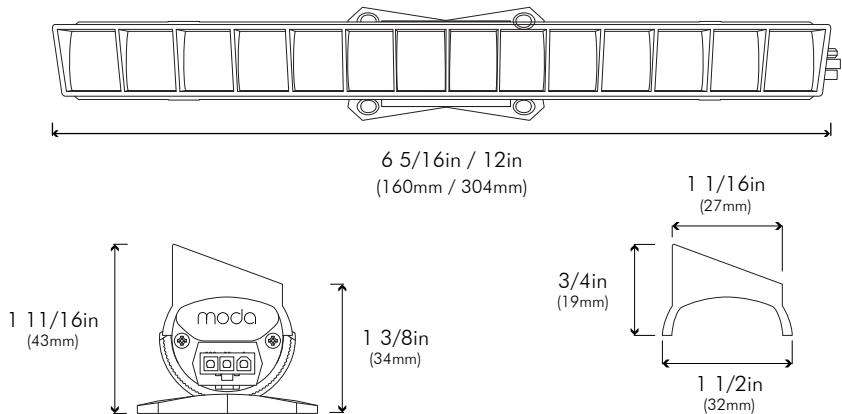

Self tapping	#6	#8
--------------	----	----

Concrete Anchor	3/16in
-----------------	--------

(By others)

## ACCESSORIES: MOUNTING TRACK

## MODA MINI COVE LOUVERS

### ASYMMETRIC

Provides light control and cutoff of glare for cove and wall grazing applications without causing significant light loss. Use four 1ft louvers for a 4ft fixture.

#### Features

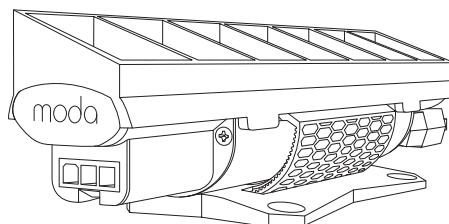

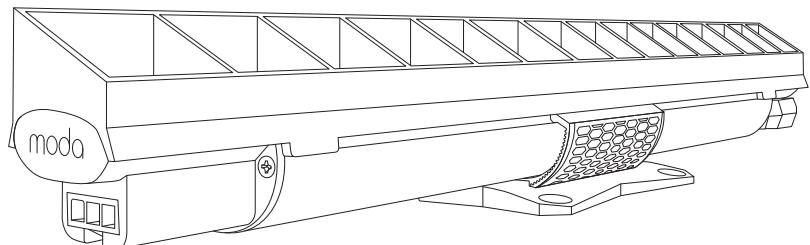

- Convenient 6in and 1ft sections
- Snap on assembly
- Toolless installation
- UV protected

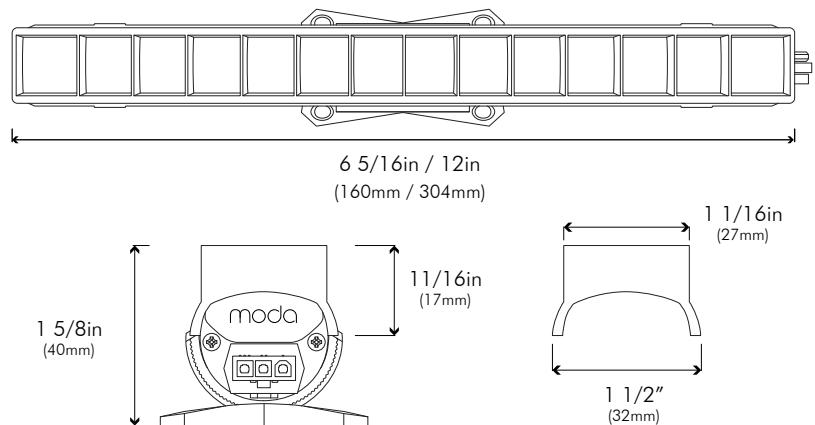

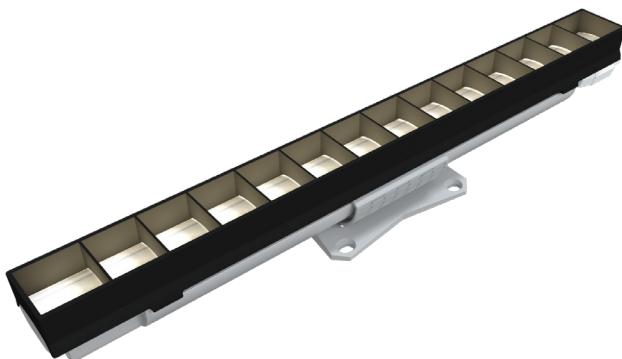

#### Options

Finish	B - BLACK
Length	6IN, 1FT

#### Physical

Applications	Cove, Accent, Graze
Construction	ABS

## MODA MINI COVE LOUVERS

### SYMMETRIC

Provides light control and cutoff of glare for cove and wall grazing applications without causing significant light loss. Use four 1ft louvers for a 4ft fixture.

#### Features

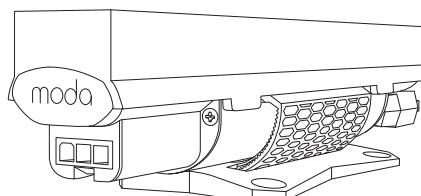

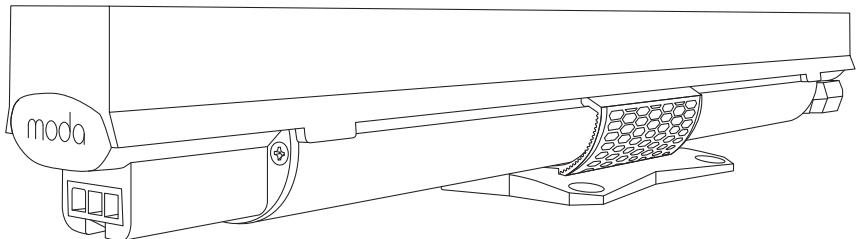

- Convenient 6in and 1ft sections
- Snap on assembly
- Toolless installation
- UV protected

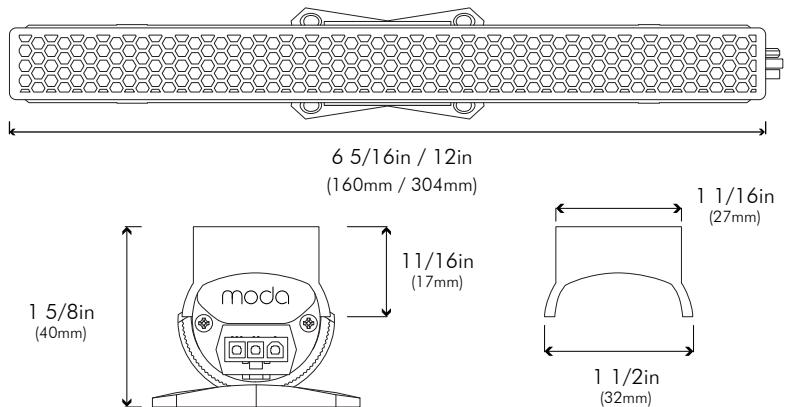

#### Options

Finish	B - BLACK
Length	6IN, 1FT

#### Physical

Applications	Cove, Accent, Graze
Construction	ABS

## MODA MINI COVE LOUVERS HONEYCOMB

Provides glare control for cove and wall grazing applications. Use four 1ft louvers for a 4ft fixture.

### Features

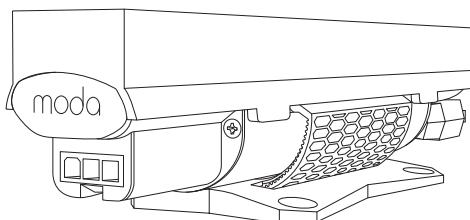

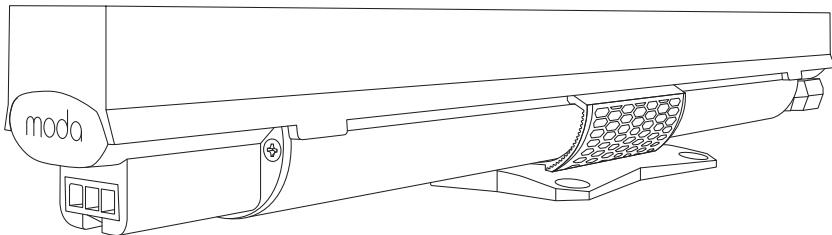

- Convenient 6in and 1ft sections
- Snap on assembly
- Toolless installation
- UV protected

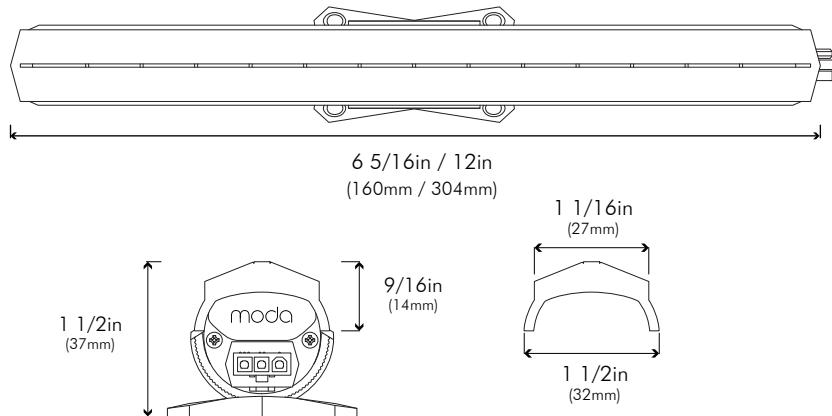

### Options

Finish	B - BLACK
Length	6IN, 1FT

### Physical

Applications	Cove, Accent, Graze
Construction	ABS

## MODA MINI COVE LOUVERS

### BLADE

Add visual interest to any space by creating a narrow line of light, which can be seen in semi direct view or reflected off the wall or ceiling when integrated into a cove or niche. Use four 1ft louvers for a 4ft fixture.

#### Features

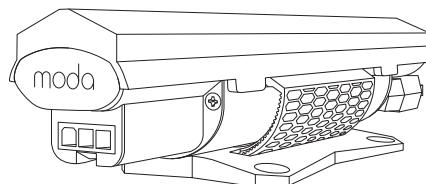

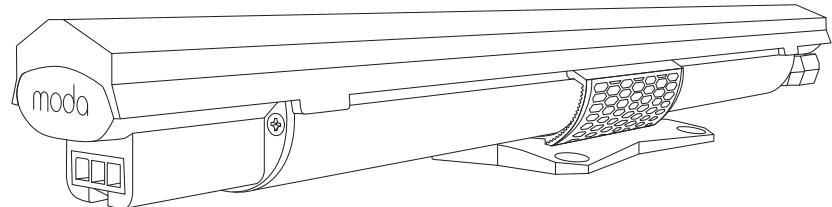

- Convenient 6in and 1ft sections
- Snap on assembly
- Toolless installation
- UV protected

#### Options

Finish	B - BLACK
Length	6IN, 1FT

#### Physical

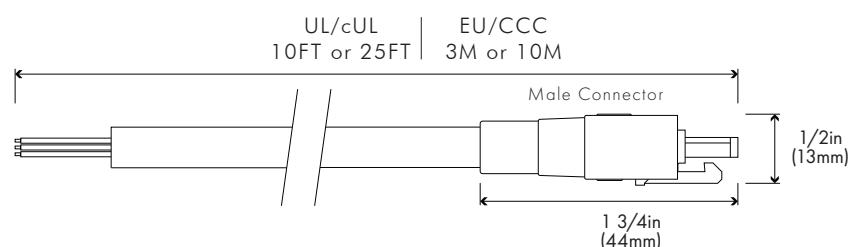

Applications	Cove, Accent, Graze
Construction	ABS

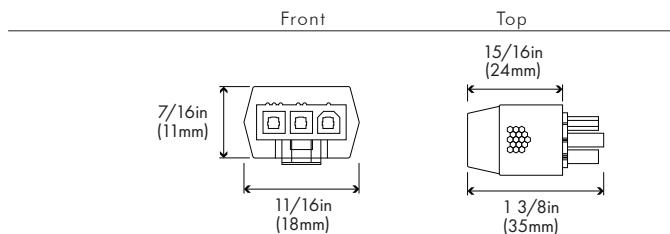

## ELV LEADER CABLES
